X-C Planning Workshop w/ForeFlight

This is an SCFC Training event, free to SCFC members. Non-SCFC members are asked to make a donation to SCFC's Upwind Summer Scholarship Program offering flight training scholarships to high-school seniors in the local community. See registration information at base of page

An iPad running ForeFlight is a great addition to the cockpit for a number of reasons. In Safety Seminars, we've looked into the use of iPads in the cockpit and demonstrated a number of features of the ForeFlight application. Now it's time for a serious training workshop. SCFC has again invited back Jay Baird, SCFC member and Senior Developer at ForeFlight. Jay will walk participants through a full cross-country planning session using a prototype flight, and show how each feature of ForeFlight comes into the planning. We will discuss specific features in depth, and each participant is expected to bring their own iPad. Due to space limitations, the workshop will be limited to the first 15 participants that sign up, and we will be keeping a standby list in case there are late cancellations.

12:30pm to 3:00pm
Saturday, October 6

Event Details

Sat, Oct 6, 2012 - 12:30 pm

San Carlos Flight Center

655 Skyway Road

Suite 215

San Carlos, CA 94070
